

CORINZO WINDOW PRIVATE LIMITED

COMPANY PROFILE

A leading manufacturer of high-performance aluminium system windows, delivering sustainable architectural solutions with 18+ years of industry expertise.

Leadership of Ganesh I. Suthar

Founder and driving force behind Corinzo's 18+ year legacy in high-performance aluminium windows. His vision focuses on sustainable innovation and global market expansion.

Strategic Vision and Growth

Guided the company from inception to a 50,000 sq. ft. facility with 1,00,000 sq. ft. monthly output. Expanded into USA and South Africa markets.

Commitment to Innovation

Champions product development for superior thermal insulation and weather resistance, delivering sustainable architectural solutions.

Market Validation and Clientele

Leadership secured key projects with ABR Reality, Green Lab Diamonds, and Dharmanandan Diamonds, demonstrating trusted expertise.

High-Performance Window Features

Corinzo's aluminium systems deliver superior thermal insulation and weather resistance, engineered for durability and energy efficiency in demanding climates.

- Advanced thermal break technology for optimal energy savings.
- Engineered seals and profiles for maximum weather and water resistance.
- High-strength aluminium construction ensuring long-term structural integrity.

Manufacturing Infrastructure

Industrial-Scale Production Facility

A 50,000 sq. ft. manufacturing plant in Surat, enabling a monthly production capacity of 1,00,000 sq. ft. of high-performance aluminium systems.

Engineered For Performance

Advanced manufacturing processes ensure product features like superior thermal insulation and robust weather resistance for global climates.

Operational Backbone For Growth

This infrastructure supports 18+ years of industry experience and fuels both domestic projects and international exports to markets like the USA and South Africa.

Key Production Statistics

Corinzo's manufacturing scale and capacity are foundational to its market leadership and ability to deliver large-scale projects globally.

100%

Operates a 50,000 sq. ft. dedicated production facility in Surat, enabling integrated manufacturing.

100%

Capable of producing 1,00,000 sq. ft. of high-performance aluminium window systems every month.

100%

Leverages over 18 years of industry expertise to ensure precision, efficiency, and consistent quality.

18 Years of Industry Experience

■ Founding and Vision

Established in 2006 under the leadership of Mr. Ganesh I. Suthar, focusing on high-performance aluminium windows.

■ Infrastructure and Scale Growth

Developed a 50,000 sq. ft. manufacturing facility with a monthly production capacity of 1,00,000 sq. ft.

■ Market Expansion and Validation

Expanded from domestic leadership to international markets, including the USA and South Africa.

■ Innovation and Sustainable Mission

Evolved product portfolio with thermal insulation and weather-resistant features for sustainable architecture.

Global and Domestic Presence

Corinzo Window Private Limited serves a diverse clientele across India and key international markets, leveraging its manufacturing scale and product excellence.

International Market

Reach

Exports high-performance aluminium windows to the USA and South Africa, meeting global standards for quality and sustainability.

Domestic Market

Leadership

A strong presence across India, supported by an 18-year legacy and a 50,000 sq. ft. manufacturing facility in Surat.

Key Client Portfolio

Trusted by major clients including ABR Reality, Green Lab Diamonds, and Dharmanandan Diamonds for premium architectural solutions.

Strategic Vision and Mission

Driven by 18+ years of expertise, we pioneer sustainable architectural solutions through innovation in high-performance aluminium systems.

Our Vision

To be the global benchmark for innovative and sustainable aluminium window systems, redefining architectural excellence.

Our Mission

Deliver superior, energy-efficient fenestration solutions that enhance building performance and environmental sustainability worldwide.

Our Commitment

Leverage our 50,000 sq. ft. facility and deep expertise to consistently exceed client expectations for quality and innovation.

Prestigious Client Portfolio

Thank You

We appreciate your interest in Corinzo Window Private Limited. We look forward to discussing how our high-performance aluminium systems can meet your architectural needs.
